caters to UPenn and five other colleges.

EDUCATION

Brown University Sc.B. in Computer Science and Applied Math 2014 - 2018

Data Structures and Algorithms, Functional Programming, Statistical Inference
Intro Software Engineering, Discrete Structures & Probability, Honors Linear Algebra
Fall 2015: Machine Learning, Intro Computer Systems, Differential Equations

MIT Launch Summer

Summer 2014

Summer entrepreneurship program by MIT; heavy team collaboration to start a
company in a month. Also re-built MIT Launch's website.

Northfield Mount Hermon Boarding Prep School

2012 - 2014

Cum Laude and numerous leadership positions.
AP Computer Science, AP Calculus BC, Multivariable Calculus, Digital Design

Harvard Summer School

Summer 2013

Building Mobile Applications
Spaces, Mappings, and Structures: Intro to proof with Abstract Algebra

A-Star Math Program Competition Math

Summer 2012 · Los Angeles, CA

Intro to Number Theory, Algebra, Geometry, Combinatorics, and intro to C++.

Independent Online Courses

Machine Learning by Stanford University - Coursera

Computational Investing by Georgia Tech - Coursera

Web Development - Udacity

AWARDS

WWDC 2015 Scholarship
Apple

2nd place & most creative
MIT's Startup Pitch Night Competition 2014

Best Presentation
MIT Launch 2014

SKILLS

Proficient
Swift, Objective-C, Java
Web Development, JavaScript
Functional Programming

Used in projects or classes
Python, Octave, Processing
Node.js, Ruby, PHP
MySQL, Parse, Photoshop
